Carbon-Negative Energy and Renewable Hydrogen Projects: An Opportunity for California

Keith Pronske
President and CEO
Clean Energy Systems

NEW DATE: Tuesday November 19, 2019

Clean Energy Systems (CES) has developed game-changing technology that is revolutionizing the power industry by eliminating the traditional exhaust stack and making zero-emission power a reality.

Keith Pronske joined CES in January 2001. He is a mechanical engineer with more than thirty years experience in the power industry in North and South America and in Europe.
